1 INTRODUCTION

The Tariff for trust, information, cryptographic and consulting services is a document containing the prices for using the services of "Evrotrust Technologies" AD (Evrotrust) by end users.

The tariff does not include prices for the use of services in integrating the decisions of Evrotrust to different service providers. In these cases, the prices shall be negotiated with the respective provider according to the volume of services used and shall be charged on a pay-per-use basis.

Evrotrust shall provide the services free of charge or for a payment as specified below.

Evrotrust reserves the right to unilaterally change the prices announced in the tariff in compliance with requirements of the current legislation. Change in prices shall not affect the use of services already paid by the customer.

2 ABBREVIATIONS

QC - Qualified certificate

QES - Qualified electronic signature

QESeal - Qualified electronic seal

AES - Advanced electronic signature

AESeal - Advanced electronic seal

3 PRICES AND CONDITIONS FOR USING REMOTE SERVICES THROUGH A MOBILE APPLICATION

3.1 PROPOSED PLANS USAGE

Upon remote use of trust, information and cryptographic services through mobile application installed on a smart device of the user, a payment shall be due as specified in this section.

The presented services give the customer the opportunity of onetime payment of the cost for the use of the services. The customer can choose through his/her portfolio a certain plan including a certain number of services (remote signatures, identifications, document deliveries, etc.), per month, and the amounts are paid once and in advance.

According to the functionality provided in the application, when the number of signatures covered by the plan is exhausted, the client should choose and purchase a new plan.

3.2 METHOD OF PAYMENT

Payment of the chosen plan may be made by the customer in one of the following ways:

- through the portfolio service on the App Store or Google Play. In this case, the amount shall be paid through the bank card associated with the Apple customer or Google account;
- as a value-added service of the mobile operator to which the customer is a subscriber as the value of the services used by the customer is included in the monthly invoice of the customer to the mobile operator for the respective month. This form of payment is available as long as Evrotrust is integrated with the respective operator;
- by crediting through a direct debit of a payment account of the customer upon his prior consent, when Evrotrust has an integration with the respective payment service provider; or
- in another way, available in the application (ePay, PayPal, bank card, etc.) The methods of payment are constantly expanding for the convenience of the customer.

3.3 PAYMENT

Fees payable for the use of the relevant services through the mobile application are as follows:

Plan "Free"	Price
Includes the right to use the following services: 1. Issuance of a qualified certificate for a qualified or advanced electronic signature and a qualified electronic seal for a period to two years; 2. Up to 3 (three) remote signatures on customer's own documents or sent by another person to the customer for signature and up to 3 (three) remote identifications; 3. Signing documents with integrated service providers, when the signatures are free of charge for the end customer; 4. Receiving notifications to the end customer and delivery from third parties of electronic documents; 5. Archiving and secure storage of documents received or signed for a period of 10 years; 6. Full access to the Evrotrust web-based platform for signing documents or sending documents for signature to other persons;	Free

Plan "Free"	Price
7. Signing documents by e-mail "on-the-fly" before arriving at the recipient (up to the 3 free of charge signatures); 8. Using the profile from multiple smart devices; 9. Access without a user name and a password on websites integrated with Evrotrust; 10. Integration with popular cloud services for document storage (iCloud, DropBox, OneDrive, Google Drive, etc.); 11. Using TouchID, FaceID and other biometric techniques for signature by mobile application.	
"Plan 5"	Price incl. VAT
Includes all rights on plan "Free" and up to 5 (five) signatures/identifications per month of customer's own documents or sent by another person to the customer for signature.	The price is visualized in the mobile application based on the country.
"Plan 100"	Price incl. VAT
Includes all rights on plan "Plan 5", and 100 (one hundred) signatures/identifications per month on customer's own documents or sent by another person to the customer for signature.	The price is visualized in the mobile application based on the country.
